

COVID-19 Special Scouts@Info Edition 10

31st January 2021

Dear Members

As you may have heard, the Premier has announced a snap lockdown starting at 6pm tonight (Sunday 31st January 2021) and at this stage will last 5 days but might be extended.

The lockdown includes many community gathering spaces which will extend to our Scout Halls and meeting places.

At this stage, following the Government mandated restrictions, all in person Scouting meetings have been cancelled for this week.

Where possible, I encourage Groups and Units to look at online activities if they can.

Please note that our Scouts WA Recycling Depots and Manjedal Activity Centre will be closed for the week. The safety, health and wellbeing of our members and staff is our priority, please do not enter Scouts WA premises while we are in lockdown.

I am aware that a number events, ceremonies and activities have been planned for the coming weeks. At this stage we do not know what the lockdown in the following weeks will entail. As a result, the Scouts WA COVID-19 Action Group is monitoring the evolving situation and will make announcements as more information becomes available.

Ayden Mackenzie
Chief Commissioner
Scouts WA
